

Dear Friends,

The Humane Society of Port Jervis/Deerpark is in the process of updating our shelter memberships. To those of you who have supported us and been members in the past, we hope that you will consider renewing your membership once again. For those of you who have supported us but have not been members, we hope to give you the opportunity to do so now.

As you may already know, our shelter is a non-profit organization. Donations by kind people like you make up a considerable portion of our budget. YOU can really make a difference in the lives of these unwanted animals for such a small amount of money.

We accept animals from Orange and Sullivan County, as well as Pike County, PA, and Sussex County, NJ. No animal in need is EVER turned away from our door. In addition to feeding and caring for all of these animals, we also operate a low cost spay and neuter program.

We have been serving your community for over 50 years. Please help us to continue with our hard work.

Sincerely,  
The Board of Directors
